Baker was sheriff of the Chickasaw Guards of our city are drilling county at the time of the murder; his father was state senator, and his brother-in-law county judge. With a large number of rela-tives in the vicinity, he always managed to get some of his kindred and friends on the grand jury, and no indictment was found against him till July, 1874, when he was arrested and placed in jail in an adjoining county. It is said that some of his relatives and placed in the wall a wedge shaped rock, which could be easily removed when occasion demanded it. After Baker had been in jail a short time, the rock was taken out, he crawled through the aperture, and left for Arkansas. stereotypers, Chicago. WE HAVE received the May number of the Maryland Medical Journal, published by Manning & Ashly, of Baltimore. The contents are most interesting, not only to medical men, but to the general public. The practical proof of success is success.

This proof is presented by Andrews's Bazar In management matter, print and price it has concentered the elements of success, and richly merits the high rank it has attained as the ladies' favorite journal of fashion. W R. Andrews, Cincinnati, publisher. THE SOUTHERN HUSBANDMAN (May numer) has just been published at Nashville. It

s a grangers' monthly periodical, full of val-

nable information for all agriculturists. It is designed to be a medium of communication

SOUTHERN INDUSTRIES: a weekly jour nal, published at Nashville, and devoted to agriculture and manufactures, has been re ceived. The last number contains a valubabl amount of reading matter. The editor, Mr. W. T. Hatch, is a well-known citizen of Ten-

nessee, and is assistant agricultural commisioner of the State. Welcome Tidings; a new collection of well-come libries; a new collection of sacred songs for the Sunday-school, by Rev. Robert Lowry, W. Howard Drane and Ira D. Shankey, embracing new hymns and masic by the late P. B. Bliss, has been received. This interesting work is for sale at the bookstore of Young & Bro., under the Odd-Fellows hall, on Main street, near North Court. EHRICH'S FASHION QUARTERLY, for the spring of 1877, has just been published by Ehrich & Co., No. 287 Eight avenue, New York. The contents are most entertaining and interesting, embracing everything within the realms of fashion. Full of good reading matter, the Quarterly is a welcome visitor to every household. It is full of elegant il-lustrations of the styles of clothing and un-derclothing worn by ladies and children.

THE CUSTOMHOUSE.

Work Commenced on Yesterday-The Superintending Architect and Assistant City Engineer Murray Drive Stakes and Break Ground-The Ground Plan of the Building Laid Off.

It having been announced in the APPEAL

of Sunday morning that work would comof Sunday morning that work would com-mence on the customhouse on Monday morn-ing, by daylight on Monday five hundred colored men were found congregated in front of the customhouse building, on Madison street. They kept rushing up to General Smith's office for hours, because they were informed or believed that Mr. George II. Pease, the government superintendent, es-Negroes from Mississippi, Tennessee and Arkansas were present, all eager to work for de government at big wages. Darkies came in from the plantations, abandoned their crops, and were most anxious to go to work on the bluff. A few whites mixed in with the crowd, and they, too, were in search of government work. By two o'clock Mr. Pease, who had employed some fifteen or twenty laborers, appeared on the bluff, and soon was surrounded by hundreds of work-seekers. Assistant City Engineer Murray ran off the lines of the customhouse, and established the center stake in front of the middle of Madion street, which the customhouse will front.

A few laborers were employed in shoveling irt into carts, and the dirt was hauled off and dumped on another portion of the ground. It is the intention to fence in the customhouse lot immediately, and keep out spectators who have not obtained the necessary passes. The work of excavation will be commenced immediately, and a large force of laborers will be employed. Several minor positions will have to be filled by the superinfor the grangers of Tennessee, and contains matter with reference to the general good of the order.

tendent as the work progresses. He has already appointed E. E. Tobey as time-keeper, and Thomas D. Eldridge as clerk. The appropriation made by congress for the build-ing already amounts to one hundred and ten thousand dollars, and nearly one hundred thousand is already in bank for the advance-ment of the work. The plan and drawing of the proposed customhouse can be seen at the cotton exchange. It presents a fine appearance, and in an architectural point of view, will be the chief ornament of the city when finished.

To All, Particularly Invalids spring is a trying season. ickness should at once be attended to. Fata iseases may be caused by allowing the bow els to become constipated and the system t remain in a disordered condition until th disorder has time to develop itself. An ounce of prevention is worth a pound of cure, is an old and truthful saying. Therefore we advise all who are troubled with the com-plaints now very prevalent—headache, indigestion, disordered liver, want of appetite, nausea, or feverish skin, to take, without de lay, Schenck's Mandrake pills. We know of no remedy so harmless and decisive in its action. It at once strikes at the root of the disease and produces a healthy tone to the system. People never need suffer from any disease arising from a disordered condition of the liver if they would take this excellent medicine when they feel the first indications of the malady. Families leaving home for the summer months should take three or four boxes of these pills with them. They have an almost instantaneous effect. They will re-lieve the patient of headache in one or two hours, and will rapidly cleanse the liver of surrounding bile, and will effectually prevent a bilious attack. They are sold by all drag
